

BRANSTON PRIMARY ACADEMIES - FOOD VOUCHER SCHEME

Recently, with the increased need for food banks and as austerity has more effect on society, some families, through no fault of their own, find themselves in difficulties. Branston Primary Academies Food Voucher Scheme aims to provide help during the school summer holidays, for those children in both the Branston Junior Academy and Branston Church of England Infant Academy, who would be eligible in term time, for free school meals.

We aim to help support in a some small way, those families, with free food vouchers during the school summer holidays. We are working together with the two schools to ensure confidentiality, as there will be no contact between us as providers and the individual children or their families.

We are in the process of applying for grants and organising fund-raising events to pay for these vouchers and are hoping that local businesses and individuals will feel able to make a donation to this scheme.

We would value your support with our food voucher scheme by coming to some of our fund-raising events when you are able.
