\*This timetable is correct as at time of printing and is subject to change.

Swimming lesson, Sports & groups to be confirmed.

As we believe that working in a Cross-Curricular way helps your child to learn in a more meaningful context, “class-based activities” means this might be Literacy, Science, Extended Numeracy, History, Geography, D&T, PSHE, Citizenship, Music, MFL etc. Every day we will include some dedicated Literacy learning, although it may well be in the context of looking at the termly topic etc.
